

# SCHULTE

## Legendary Schulte Toughness

### FX180 Rotary Cutter

**NEW!!**

**ECONOMY PRICED!**

*A easy clean, single domed 7 gauge continuously welded deck.*

*6.5" blade overlap and high blade tip speeds.*

*A four gearbox drive line with independent slip clutches.*

*An 80 degree CV shaft allows for smooth power transition in tight turns.*

*Deck rings are standard and protect the cutter deck from the blades rising when obstacles are encountered.*

*Spun formed 7ga. stump jumpers (round skid pans) ensure durability & balance.*

*Available in 540 or 1000 rpm drive.*

*- Models available from 6' to 42' wide!! -*
